**THIS PROPERTY IS SUBJECT TO AN ENVIRONMENTAL COVENANT IMPOSING ACTIVITY
AND USE LIMITATIONS PURSUANT TO THE UNIFORM ENVIRONMENTAL COVENANTS
ACT, IDAHO CODE § 55-3001, et seq.**

ENVIRONMENTAL COVENANT

This instrument is an Environmental Covenant ("Environmental Covenant") executed by The City of Meridian, an Idaho Municipal Corporation ("OWNER") and the Idaho Department of Environmental Quality ("Department") pursuant to the Uniform Environmental Covenants Act, Idaho Code §§ 55-3001 through 3015. This Environmental Covenant sets forth protective provisions, covenants, restrictions and conditions (collectively referred to as "Activity and Use Limitations") on the Property described below. The Activity and Use Limitations are designed to protect natural resources, human health and the environment. The City of Meridian is the "holder" as defined in Idaho Code § 55-3002(6). OWNER, as the current property owner grants this Environmental Covenant to all signatories to this instrument.

Property. This Environmental Covenant concerns real property located at 641 N. Main Street, City of Meridian, County of Ada, State of Idaho, legally described as Lots 16-20 in Block 1 of Amended Plat of Townsite of Meridian, according to the plat thereof, filed in Book 2 of Plats at Page 61, records of Ada County Idaho (hereafter referred to as "the Property"). A depiction of the Property is attached hereto as Exhibit "A."

This Environmental Covenant also concerns specific activity and use limitations applied on the North East portion of the Property in addition to activity and use limitations applied to the entire Property. The North East portion of the Property is legally described as a portion of lots 16 through 20 and delineated in the map, attached hereto as Exhibit "B."

Property Ownership. OWNER hereby represents and warrants to the other signatories to this Environmental Covenant that it is the sole owner of the property, holds fee simple title to the property and OWNER has the power and authority to enter into this Environmental Covenant.

Reason for Activity and Use Limitations. The Property described above was previously used to operate a petroleum fuel station and motor vehicle service station, becoming contaminated with Petroleum Compounds and Metals. OWNER implemented a corrective action plan ("CAP") on the Property. This Environmental Covenant is required because the CAP resulted in residual concentrations of Petroleum Compounds and Metals in soil and groundwater underlying the Property. These concentrations may be at or above risk-based screening levels as determined by the Department and for which future use of the Property shall be limited to protect human health and the environment.

Name and Location of Administrative Record. A copy of the former Don's Meridian Shell file can be found at the Idaho Department of Environmental Quality, Regional Office in Boise, Idaho.

Activity and Use Limitations. By acceptance and recordation of this Environmental Covenant, OWNER, and any successors in interest, are hereby restricted from using the Property, now or at any time in the future, as specifically set forth below:

1. There shall be no extraction of groundwater under the Property for any purpose, including, without limitation, drinking by animals or human beings, irrigation or an industrial or commercial use.
2. The Property, and any portion thereof, may be used for commercial and industrial uses only. The Property shall not be used for residential purposes, agricultural purposes, or any permanently occupied human habitation (including hotels or motels), school, day care or hospital use.
3. Any activity on the Property that may result in the release or exposure to the environment of Petroleum Compounds and Metals that remains on the Property as part of the CAP is prohibited without prior written approval from the Department.
4. For the North East portion of the Property as depicted on Exhibit "B" no buildings of any kind or nature shall be constructed or located on the North East portion of the Property.

OWNER, or its successors in interest, shall be solely responsible for demonstrating that use on the Property is in conformity with the Activity and Use Limitations.

Amendment by Consent. The Environmental Covenant may be amended by consent pursuant to Idaho Code § 55-3010. Except for an assignment undertaken pursuant to a governmental reorganization, assignment of the Environmental Covenant to a new holder is an amendment.

Termination by Consent. The Activity and Use Limitations shall apply to the Property, or any subdivided portion thereof, unless OWNER, or its successors in interest, applies to the Department to have this Environmental Covenant terminated pursuant to Idaho Code § 55-3010 and demonstrates that:

1. the Property or any subdivided portion thereof is shown in a Department-approved document not to contain contaminated soils or groundwater; or
2. contaminated soils and groundwater are at levels the Department deems in writing to be

be adequate for the Property to be developed for unrestricted use.

Provisions to Run With the Land. Each and all of the Activity and Use Limitations shall run with the land, and pass with each and every portion of the Property, and shall apply to and bind the respective successors in interest thereof. Each and all of the Activity and Use Limitations are imposed upon the entire Property unless expressly stated as applicable to a specific portion of the Property.

Concurrence of Subsequent Owners Presumed. All purchasers, lessees, or possessors of any portion of the Property shall be deemed by their purchase, leasing, or possession of such Property, to be in accord with the foregoing and to agree for and among themselves, and their successors, that the Activity and Use Limitations as herein established must be adhered to and that their interest in the Property shall be subject to the Activity and Use Limitations contained herein.

Recording/Filing of Environmental Covenant. This Environmental Covenant and any amendment or termination of the Environmental Covenant shall be recorded in the county recorder's office of every county in which any portion of the Property subject to the Environmental Covenant is located. The Environmental Covenant or any amendment or termination shall be recorded by OWNER, or its successors in interest, within ten (10) days of receipt of this Environmental Covenant signed by the Department. Within ten (10) days of the recording of this Environmental Covenant, or any amendment or termination, OWNER, or its successors in interest, shall provide to the Department a copy of this recorded Environmental Covenant, or any amendment or termination of this Environmental Covenant. Upon receipt of the copy of the recorded Environmental Covenant, and any amendment or termination therein, the Department shall post the copy of the fully executed instrument in the Registry as required by Idaho Code Section 55-3012(1). In addition, a copy of the recorded Environmental Covenant, or any amendment or termination, shall be provided by OWNER, or by its successors in interest, to the following persons: (a) each person that signed the Environmental Covenant; (b) each person holding a recorded interest in the Property; (c) each person in possession of the Property; (d) each municipality or other local government in which the Property is located; and (e) any other person the Department requires. The validity of the Environmental Covenant is not affected by failure to provide a copy of the Environmental Covenant as required under this section. The Activity and Use Limitations set forth herein shall be incorporated by reference in each and all deeds and leases of any portion of the Property.

Enforcement. The Department and any party of the Environmental Covenant shall have authority to enforce the Activity and Use Limitations against OWNER or its successors-in-interest, including subsequent owners of the Property and any other person using the Property. Failure of OWNER, or its successor in interest, to comply with any of the Activity and Use Limitations set forth herein shall be grounds for the Department, or its successor, to require that the Owner correct or remove any violations of this Environmental Covenant. Violation of this Environmental Covenant shall be grounds for the Department, or its successor, to file civil actions against the Owner as provided by law or in equity, including without limitation, the Uniform Environmental Covenants Act, Idaho Code § 55-3011.

Property Access. The Department shall have a right of access to the Property for the purposes of ensuring compliance with this Environmental Covenant.

Notice of Conveyance of Property. Within thirty (30) days of the closing of any conveyance of the Property, or part thereof, the Conveyor of the Property, shall provide written notice to the Department and each municipality or other local government in which the Property is located, the name and address of all the then Owners and/or Occupants of the Property, or part thereof, conveyed. The Department shall not, by reason of this Environmental Covenant, have authority to approve, disapprove, or otherwise affect any conveyance of the Property except as otherwise provided by law.

Notices. All notices required or permitted to be given hereunder shall be in writing and mailed in the United States Mail, postage prepaid, by certified or registered mail, return receipt requested, to the appropriate address indicated below or at such other place or places as either OWNER or its successors, or the Department or its successors, may, from time to time, respectively, designate in a written notice given to the other. Notices which are deposited in the United States Mail in accordance with the terms of this provision shall be deemed received three (3) days after the date of mailing thereof.
